modern society, and we demand that it must be
guaranteed.**

Act Now before it's too late! — Join Us! – Save our NHS

Our NHS in Crisis

We are calling on the people of **South Tyneside & Sunderland** to campaign against the government's **austerity cuts agenda** and "**Sustainability & Transformation Plans**" which will result in the **downgrading of our hospital**. Our **A&E will be downgraded** to deal with "**Urgent Care**" only.

This will greatly impact services in Sunderland.

Join us in our campaign to save our Hospital and its acute services. We will fight together for our NHS.

March with us and join our rally, come along to our demonstration on 22/10/2016 and listen to speakers talking about what's happening to our hospital and NHS.

You can make a difference – you can help save our Hospital. We must take action before it's too late.

Do you care about your hospital? We need our NHS. We need local access to quality acute hospital services.

***"The NHS will last as long as there are folk left with the faith to fight for it"* – Aneurin Bevan, 1948 at the establishment of the NHS**
