

# Save South Tyneside Hospital Campaign

## Save Our Hospital Services

### Your Essential Health Services are being cut

On July 5, the first phase of consultation started on the plans to downgrade Consultant led acute services at South Tyneside Hospital:

- Children and young people's (paediatrics urgent and emergency) services will be downgraded from a 24 hour consultant led service.
- Consultant led Maternity services will go to Sunderland. A possible Midwife led unit may remain but no Consultant led services at STH.
- Special care baby unit closed with nearest service Sunderland
- Women's services (gynaecology) covering inpatient surgery where you would need an overnight hospital stay will go to Sunderland
- Stroke services specifically hospital (acute) care goes to Sunderland.

Whilst the commissioners claim that this is a path to "excellence", it is driven by massive cuts to both Sunderland and South Tyneside hospital budgets and has not had the involvement, or support of most clinicians & staff.

## Come to Our Public Meeting

Friday July 21 6.30pm

*Brinkburn Community Centre,  
Mcanany Avenue, South Shields NE34 0PJ*

**Access to health care is a right of all in a modern society, and we demand that it must be guaranteed.**

**Act Now before it's too late! – Have your say – Join Us!**

## Our NHS in Crisis

The government's austerity cuts have left a £30bn funding black hole in the NHS and May's minority government, that has no credibility, plans to continue to cut hospital services everywhere. **We demand the restoration of the duty of government** to provide and fund a comprehensive acute and community, physical and mental health service across England to all communities.

### Join the Save South Tyneside Hospital Campaign

What we stand for is that health care is a right!

We demand that locally accessible district hospitals with a wide range of properly funded acute and A&E services are retained in South Tyneside and Sunderland.

We are opposed to the government's *Sustainability and Transformation Plan (STP)* that demands cuts of £904 million a year from the health and social care budget for Northumbria, Tyne & Wear and north Durham by 2021.

The commissioners plan three phases of downgrading our acute and Accident & Emergency services at South Tyneside Hospital. The government plans to wreck the NHS and make it more unsafe and unsustainable so as to increase privatisation. Further details can be found on our website:
